# EARL PHILADELPHIA MOTOR CAR COMPANY

John C. Baggott President

Secretary-Treasurer 235-237 North Broad Street

LARENCE A. EARL, President of Earl Motors, Inc., takes great pleasure in announcing that the Earl Philadelphia Motor Car Company will be distributors in the

Philadelphia district for Earl motor cars. A more fortunate introduction to the Philadelphia public could hardly be conceived for the Earl Car. In the personnel of the Earl Philadelphia Motor Car Company are several executives whose automobile records insure an aggressive and efficient organization and service station facilities of the sort every discriminating owner would desire to have back of his car. That this organization and their associates should choose to concentrate on the Earl line is a substantial indorsement of

its worth and dependability. Value considered, for the price asked, the Earl line of motor cars now on exhibition in the Earl Philadelphia showrooms are the outstanding motor car values of 1922.

In a year when the really new cars may be counted on the fingers of one hand, any one of the five Earl types offers you the great advantages and economies of a 1922 design embody-

ing the latest engineering and style developments. All the value-creating savings made possible through cash purchases in low material markets annd large-scale production by an experienced organization have gone into the manu-

facture of 1922 Earls. They are 92 per cent Earl-built. Ease of control, unfailing comfort, flexible power and a wide margin of safety under all road conditions are assured by the salient features of Earl design and construction. A dynamic long-stroke motor, an exclusive new steering gear, a rigid 7-inch deep channel frame, rugged front and rear axles, quiet transmission, 56-inch rear springs, Alemite lubrication and a special Borg & Beck disc clutch round out the Earl chassis, tested and proved equal to any driving or hill-climbing

In five graceful body styles, the Earl line of motor cars offers the buyer full range for his taste as to the body type he prefers. No other cars of their size swing so near the road or hug it more closely on corners or at speed. Low sweeping lines, refinement of detail and complete and unusual appointments make each Earl a car of distinction and individuality

To your pleasure in its beauty, even a half hour's experience of its comfort and spirited performance will add the conviction that it is the motor car you want to own and drive. Come in, then, and see the car today. Make an appointment for a demonstration. Or, better still, do your own driving.

# We hear your stenographer got married

And she was such a good girl, too!

But there are others - skilled, intelligent, experienced girls-not out of a job through inefficiency, but solely because of business conditions.

You understand that.

Before another day passes we can give wide publicity to your little tale of woe, and it will doubtless prove a godsend to some worthy girl with, perhaps, a dependent mother.

You know the kind of homes into which these newspapers go. They find a welcome in YOUR home, don't they?

The quarter-million daily circulation of the Public Ledger will carry your message to a great multitude of responsive readers.

Phone that message to our Classified Advertising Department and let us set it before our readers tomorrow.

Maybe the postman on your route won't wonder what's happened.

We will mail the bill later.
